Call for Papers

Editor-in-chief:

Dear Colleagues,

We would like to invite you to submit manuscripts of your original papers, for possible publication in **Advances in Computational Sciences and Technology (ACST)**, which publishes top-level work from all areas of Computational Sciences and Technology. All submissions should be made electronically to the Editor-in-chief through: (EIC: submit@rippublication.com). More information on the journal and the publishing process can be obtained at: www.rippublication.com/acst.htm

The Advances in Computational Sciences and Technology (ACST) is an international research journal, Areas and subareas of interest include (but are not limited to) Programming Languages; Software Development; Graphics for Science and Engineering; Solid, Surface and Wireframe Modelling; Animation; Data Management and Display; Image Processing; Flight Simulation; VLSI Design; Process Simulation; Neural Networks and their Applications; Fuzzy Systems Theory and Applications; Fault-Tolerant Systems; Visual Interactive Modelling; Supercomputing; Computational Medicine; Evolutionary and Innovative Computing and more...

Submission: Authors are requested to submit their papers electronically to submit@rippublication.com with mention journal title (**ACST**) in subject line.

Author benefits:

The benefits of publishing in **Advances in Computational Sciences and Technology (ACST)**, includes:

- **Fast publication times:** your paper will appear online as soon as it is ready, in advance of print version (review time of paper is 3-4 weeks)
- Excellent editorial standards
- Access free on-line issue of journal for one year
- A rigorous, fast and constructive peer review process
- All abstracts and full text available free on-line to all main universities/institutions worldwide ensures promotion to the widest possible audience.

We shall be glad to receive your technical contributions at your earliest convenience. Please publicize this journal amongst your colleagues for possible contribution and subscription.

With kind regards,

Editor-in-chief

Advances in Computational Sciences and Technology (ACST)
